## CE CERTIFICATE OF CONFORMITY 1488-CPD-0078/W

Pursuant to the European Community Council Directive no. 89/106/EEC of 21 December 1988 on the approximation of laws, regulations and administrative provisions of the Member States relating to construction products and the amendments introduced by the European Community Council Directive no. 93/68/EEC of 22 July 1993 it is hereby confirmed that

### SILICA FUME FOR CONCRETE SILIMIC

produced and placed on the market by

**HUTA ŁAZISKA S.A.**  
**ul. Cieszyńska 23**  
**43-170 Łaziska Górne**

has the performances described in appendix ZA:

### PN-EN 13263-1:2006

The manufacturer meets all the requirements concerning assessment of conformity: he implemented an internal production control system and conducts tests of samples of the products taken from the production plant in accordance with the testing schedule.

The notified body – Building Research Institute – as part of the conformity assessment system 1+, conducted preliminary tests of the type for the purpose of determining the product's properties and an audit of the production plant and the internal production control system, exercises on-going supervision, assesses and accepts the internal production control system and collects samples for random testing at the production plant, on the market and at the construction site.

The CE Certificate of Conformity 1488-CPD-0078 was issued for the first time 05.03.2008 and is valid as long as the reference document for the aforementioned product is valid, the product meets the requirements of that document and as long as the following have not changed: the product type, the production conditions and location, as well as the internal production control system.
